

Lab 06 Contribution Journal

Antonio Garcia completed the lab and sent his reflection to the team leader communicating with the team and was the first to finish the assignment helping support the team's work.

Steven Ford set up the repo, added the collaborators, compiled the reflections and wrote the contribution journal. He cloned the repo then added the files on his own branch before push requesting to main. He also completed the lab and wrote his reflection.

Khin completed the lab and sent her reflection to Steven.

Cristian completed the lab and sent her reflection to Steven.
